To Loveland Student Athlete and Parents/Guardians:

The Loveland City School district believes that a dynamic program of student activities is vital to the educational development of the student. The Loveland City School District Athletic Program will provide a variety of experiences to aid in the development of favorable habits and attitudes in students that will prepare them for adult life in a democratic society .

Athletics play an important part in the life of students in the Loveland

City School District. Young people learn a great deal from their participation in interscholastic athletics. Lessons in sportsmanship, teamwork, competition and how to win and lose gracefully are integral parts of each team in our athletic program.

Athletics also play an important part in helping the individual student develop a healthy self-concept as well as a healthy body. Athletic competition adds to our school spirit and helps all students, spectators and participants develop pride in their school. This handbook originated for prospective athletes and their parents/guardians to become familiar with the Interscholastic Athletic Code of Conduct and the policies of the Loveland Athletic Department.

If you have any questions, please call our office at 677- 7955.

Yours in sports,

Athletic Department  
Loveland City Schools

August, 2009

Dear Athletes and Parents:

I am excited and proud to be a Loveland Tiger fan and supporter! School athletics have a unique way of bringing the school community together. Aside from the obvious teamwork that is displayed on the field or court, a sense of school pride and spirit results from the student body, parents, and community spectators coming together to cheer on their team. This Loveland school spirit is extended to other school communities when we host athletic events and when we visit their schools on away events. Sure, everyone relishes the win, but we take pride in the effort of our student athletes, regardless of the game's outcome. This is the essence of sportsmanship and the heart of Loveland's tradition.

I challenge our athletes to rise above the behavior that is all too often observed in the college and pro ranks. Of course, sportsmanship on the field shows teammates and opponents alike that Loveland athletes know how to put their anger "in check" when a referee makes a questionable call or when the coach makes an unpopular substitution. Beyond the game, I challenge our athletes to set the highest standards of academic

achievement, ethics and behavior. I would like nothing better than to be able to confidently tell our youngest Loveland students that all those players out on the field have all decided to be drug and alcohol free, in and out of season. A lot of "little" eyes are looking up to our high school athletes.

Finally, I would like to thank all of our parents and Boosters for the many ways you support Loveland's athletic program and your son or daughter's participation. Parenting is no easy venture, and your visible support and attendance at athletic contests means so much to your kids. This handbook is intended to help you participate by providing helpful information about the fall sports season. If you need further information, there are several people who can assist you. Please do not hesitate to call our athletic office at 677-7955.

Sincerely,

Kevin Boys, Ed. D.  
Superintendent

Dear student athletes, family members and other fans,

On behalf of the Loveland Athletic Boosters, we would like to extend our very best wishes for this school year . We are proud of how our student athletes and fans represent Loveland schools. Good sportsmanship is essential to building and maintaining first class athletic programs.

The Loveland Athletic Boosters is a parent and community member run organization, dedicated to the improvement of student athletes and athletic programs of Loveland City Schools. Through the efforts of countless booster volunteers, we raised over \$100,000 last year. 100% of what we earn, goes to student athletes and athletic programs. We are honored to be members, and urge you to join too. Talk to a member, or stop by any of our concession stands to see how you can become part of our organization. Check your school calendar for our meeting schedule or our web site at [www.lovelandboosters.com](http://www.lovelandboosters.com).

Many area businesses support our efforts, through advertising in our programs, at our annual golf outing and through the purchase of high value advertising packages. We thank our business partners for investing in our youth and our community! We couldn't do it without them. Please let them know that you appreciate it too, as you frequent their businesses.

We look forward to continuing to work with our other partners as well. These partners include the school board, school administration and staff, area police departments, local government/officials and many other community members. Together, we make a difference in the lives of over 500 athletes in 24 sports!

Please remember as athletes and fans, to always be a good sport! Thank you.

Sincerely,

Loveland Athletic Boosters

### **Athletic Department Mission Statement**

The Loveland City School District Athletic Program will provide a wide variety of athletic opportunities that will aid in the overall development of our students. Participation in athletics will provide students with a significant opportunity to become involved with other students and their coaches in an educational experience that takes place outside of the classroom.

## **Athletic Department Philosophy**

The Loveland City School District believes that a dynamic program of student activities is significant to the educational development of the student. The Loveland City School District Athletic Program provides a variety of experiences to aid in the development of favorable habits and attitudes in students that prepare them for adult life in a democratic society.

Athletics play an important part in the life of the Loveland City School District student athletes. Young people learn a great deal from their participation in interscholastic athletics. Lessons in sportsmanship, teamwork, competition and how to win and lose gracefully are integral parts of team goals in our athletic department.

Athletics also play an important part in helping the individual student develop a healthy self-concept as well as a healthy body. Athletic competition adds to school spirit and helps students, spectators, and participants develop pride in their school.

The Loveland Board of Education further encourages the development and promotion of sportsmanship, ethics and integrity in all phases of the educational process in all segments of the community, including administrators, participants, adult supervisors, parents, fans, spirit groups and support/booster groups.

## **Athletic Department Goals**

- Promote the development of favorable habits and positive attitudes in students that will prepare them for adult life.
- Promote academic excellence in the classroom.
- Recognize and promote the lessons learned regarding good sportsmanship, ethics, teamwork and the value of competing - win or lose.
- Ensure a safe and secure environment for practice and competitions.

- Recognize and promote the accomplishments of athletic teams and individuals.
- Encourage coaches to be leaders, role models and persons of character.
- Emphasize and encourage positive lifestyles that will assist in striving to be the best.
- Promote cooperation throughout the athletic department, while supporting all athletic and extracurricular programs.
- Ensure that everyone involved with the athletic department adheres to the rules and policies of the Loveland City Schools, the Ohio High School Athletic Association, the Fort Ancient Valley Conference and the Loveland Athletic Department.

## **The Influence of a Coach**

The Loveland City School District believes that an ATHLETIC COACH is a major influence in the lives of young men and women. Because of this, we expect our coaches to be a good example in all areas of life. Athletics are an extension of our academic classrooms. As “teachers” of our athletes, coaches should provide a positive learning environment through their language and actions, both on and off the playing field. Remember the great influence that you have — it is your greatest responsibility.

## INTERSCHOLASTIC EXTRACURRICULAR ELIGIBILITY

The term *interscholastic competition* is defined as a school-sponsored competition that involves more than one school or school district. Although differing in nature from the academic program, interscholastic competition activities provide beneficial educational experiences for participants.

In the conduct of interscholastic competition, the rules, regulations, and limitations outlined by the Ohio High School Athletic Association, the Ohio Music Education Association, and other governing bodies shall be followed, unless they are contrary to board policy.

### Eligibility Requirements

ALL student athletes must be officially enrolled in the Loveland City School District per district and OHSAA policies and procedures.

To participate in any interscholastic competition, students in grades 7-12 must meet the following requirements:

#### A. Students Enrolled in Grades 9-12

1. In the immediate preceding grading period, a student must receive a passing grade in a minimum of five (5) one-credit courses or the equivalent, which count toward graduation.
2. All grades from the previous grading period must yield a total grade point average of at least 1.0 on a four-point scale.
3. A student enrolled in the first grading period after advancement from the eighth grade must have passed 75% of those subjects carried the preceding grading period in which the student was enrolled and must yield a total grade point average of at least 1.0 on a four-point scale.
4. For eligibility purposes, all grades will become official once technical support verifies grade accuracy on or about the Tuesday after each grading period at 12:00pm.

#### B. Students Enrolled in Grades 7-8

1. A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of previous academic achievement. Thereafter, in order to be eligible, a student in grade seven or eight must have passed at least 75% of those subjects carried the preceding grading period in which the student was enrolled.
2. Those grades must yield a total grade point average of at least 1.0 on a four-point scale.

Any student who received a failing grade for any subject carried the previous grading period shall be eligible to participate in interscholastic competition provided he/she meets all of the requirements of (A) or (B) above.

Summer school grades may not be used to substitute for failing grades relative to interscholastic competition eligibility.

All other eligibility requirements of this Board and, in the case of interscholastic athletics, the Ohio High School Athletic Association, must be met in addition to those declared in this policy.

**LOVELAND CITY SCHOOL DISTRICT  
INTERSCHOLASTIC ATHLETIC CODE OF CONDUCT**

Athletics should function as an integral part of the total curriculum. The Loveland City School District offers opportunities for student athletes to represent the district and participate in interscholastic programs while enrolled in school grades 7-12. The athletic program is designed to assist in the development of fellowship and good will, to provide positive role models for other students, to promote self-realization and all-around growth, and to encourage the qualities of good sportsmanship and citizenship.

The rules and regulations of the Athletic Department apply to all those students in grades 7-12 who elect to take part in any phase of the athletic program that falls under the jurisdiction of the athletic director. These students include, but are not limited to athletes, players, cheerleaders, mascots, managers, trainers, and statisticians.

**RULES AND REGULATIONS**

**PART I – GENERAL RULES**

I am aware that:

- A. As a member of a Loveland athletic team, an athlete represents the Loveland City School District and is therefore subject to the Student Conduct Code while participating in the activity. Student athletes shall conduct themselves in a matter that reflects good citizenship. Any behavior deemed unbecoming of a Loveland athlete will not be tolerated. Acts of unacceptable conduct, both on and off school premises, include but are not limited to theft, vandalism, disrespect or violation of the law. The principal or her/his designee reserves the right to review the severity of the citizenship offense and determine the appropriate level of disciplinary action to be taken.
- B. If an athlete is dismissed because of a violation of a team rule, the athlete is not eligible to participate on any other current team or organized training for an upcoming sport until the completion of that team's schedule and any disciplinary process to regain eligibility. If an athlete fails to return issued equipment or make appropriate payment for lost items, that athlete will be deemed not eligible to participate in any future Loveland athletic sport.
- C. If an athlete should quit a team after the first scheduled scrimmage or contest, the athlete will not be eligible to participate on any other current team or organized training for an upcoming sport until the completion of the athlete's team schedule. Exceptions may be considered by the athletic director after input from the coaches involved.
- D. If the athlete is not in attendance the day of a contest (or day prior in case of a week-end contest), the athlete will not be eligible to participate in that contest without the permission of the athletic director. A student participant must be present by 8:00a.m.unless they have an excused tardy or a senior with approved late arrival (9:00am requirement).
- E. All athletes are to travel to and from away contests with the team. In case of an emergency, the athlete may be released to his/her parent or guardian. I understand the Department Policy will be to provide transportation by school bus, but in the event a bus is not available, private transportation may need to be used. Responsible adults (coaches or athlete's parents) will drive vehicles and they cannot be held responsible for any accident or injury that might occur.

F. As a prospective candidate for a squad, the athlete must have the OHSAA Health Questionnaire and Physical Exam two-page form and the Emergency Medical Authorization form on file in the athletic office prior to any practice or try-outs. In addition to the physical exam forms, the following items must be properly completed, signed by the athlete and parent/guardian and returned to the athlete's coach prior to participation in the first game of the season:

1. Loveland Athletic Participation Fees – (Checks made payable to Loveland Athletics)
2. Loveland School District Athletic Handbook Awareness Receipt Pledge

Additional rules may be imposed by a coach with permission of the Athletic Director. In addition to the penalties outlined in this section, violations may also result in other disciplinary actions, including dismissal from the team.

## **PART II - ATHLETIC DEPARTMENT DRUG PREVENTION PROGRAM**

- A. The Athletic Drug Prevention Program will consist of:
1. Education - The coaching staff will address the subject of drug, alcohol and tobacco use once per week with the team.
  2. Communication - The coaching staff will talk openly and honestly with athletes about the use of dangerous chemical substances.
  3. Parents - Parents are encouraged to become involved and cooperate in the drug prevention program.

## **PART III – DRUG POLICY**

- A. The Loveland City School District Drug Policy is a twelve month year-round commitment for all high school and middle school student athletes.
- B. Athletic Rules and Regulations Regarding Drugs, Alcohol, Tobacco, and Controlled Substances
1. A student who is or has been a member of any district athletic team, who at any time during the year engages in the types of conduct either specifically or generally like the kinds listed below, whether on or off school property, is subject to disciplinary action.
    - a) Buying, selling, transferring, using, possessing, having the odor of, or being under the influence of any controlled substance (drugs, narcotics, marijuana, etc.) or inhalants, or buying, selling, using, possessing or being under the influence of any counterfeit controlled substance (any substance that is made to look like a controlled substance, or is represented to be a controlled substance, or that is believed to be a controlled substance).
    - b) Buying, selling, transferring, using, or possessing any drug or alcoholic paraphernalia to include instruments, objects, papers, pipes, containers, etc.
    - c) Buying, selling, transferring, using, possessing, having the odor of, or being under the influence of any alcoholic beverage or intoxicant of any kind.

- d) Buying, selling, transferring, using, possessing or being under the influence of any drug, medication, inhalant or other controlled substance which can be taken internally where the students involved cannot show a legitimate health or other reason for the use of such substance.
- e) Buying, selling, transferring, using or possessing any substance containing tobacco, including, but not limited to, cigarettes, cigars, a pipe, a clove cigarette, chewing tobacco, snuff and dip, or using tobacco in any form.

C. **Violations** - A student athlete who has violated the Athletic Department Rules and Regulations regarding drugs, alcohol, controlled substances and tobacco will be subject to the following penalties:

1. **First Offense**

a) Denied game participation for 20% of scheduled regular season games/contests or 10% of scheduled regular season games/contests plus community service as developed and assigned by school administration. The athletic director and/or building administrator consider the date of the incident as the initial date of involvement and the following consequences would be administered over the next 12 months.

- 1) If the violation occurs with less than the agreed to suspension of the scheduled games remaining, or if a student is not participating on a team at that time, the penalty (or remaining percentage) will carry over to the next sport season in which the student has previously participated, even possibly into the next academic school year.
- 2) The athlete may be permitted to participate in practices during the time period when the student is denied game participation.

The athlete may travel with the team to games, sit on the bench, but will not dress in uniform for games/contests.

- 3) If an athlete's suspension falls during either Meet the Team or Awards Night, the athlete will not be permitted to participate in that event.
- 4) If an athlete fails to complete any portion of the assigned community service in the allotted time, he/she will be denied participation in an additional 10% of scheduled regular season games/contests.
- 5) Prior to being reinstated to a team the student athlete and his/her parents/guardians will meet with the Athletic Director to determine if all requirements have been completed for reinstatement.

## 2. Self-Referral

- a) This procedure may only be used ONE time during a student's Loveland City School District academic and athletic career by the student or by the parent of the student, in order to seek help for their problem. A self-referral to an administrator must be initiated by a student-athlete or parent of a student athlete and may not occur as a result of information from another source. The principal and/or principal designee reserves the right to make final determination concerning acceptance of a self-referral. This self-referral will still be considered a first offense as far as the policy is concerned and may not be used after the first offense.
  - 1) The student athlete will be denied participation for 10% of their sports season or 0% if they agree to community service as developed and assigned by school administration. If they are not in season, then this will carry over to their next sport season, possibly into the next academic school year.
  - 2) The student and his/her parents/guardians will meet with the Athletic Director as noted in First Offense prior to his/her reinstatement.

## 3. Second Offense

- a) An athlete shall be denied game participation and practice for one calendar year from the date of the incident or 50% of their sport season if they agree to the following:
  1. The student athlete will seek an **assessment** from a certified agency approved by school administration specializing in teen drug/alcohol/tobacco abuse education/intervention and treatment at the student's expense. The student athlete must provide **written documentation** indicating completion of any follow-up counseling and/or treatment prescribed by the assessing agency.
  2. The student and his/her parents must agree to random drug and alcohol testing throughout the following calendar year at the expense of the student. These tests will be administered by an authorized independent agency agreed to by school administrators. If the student fails a test during this time period it will be considered a third offense to the policy.
- b) The student athlete and his/her parents will meet with the Athletic Director as noted under First Offense prior to his/her reinstatement.

#### **4. Third Offense**

- a) An athlete will be denied participating in athletics for the rest of his/her Loveland City School District career pending a hearing of a committee composed of the Superintendent of Loveland City Schools, the Principal and the Athletic Director.

**Failure to follow through with any required assessment or education process component shall result in dismissal from all athletic teams for the remainder of his/her school academic and athletic career, or until the missing component is completed. The cost of such programs shall be the responsibility of the student/parent/guardian.**

#### **D. Grades 7-8**

1. Loveland Middle School student athletes will abide by the same policies as Loveland High School regarding drugs/alcohol/tobacco and controlled substances.
2. Discipline resulting from violations in the Middle School will carry over to his/her high school career.

**Notes:**

- A ninth grader who violates this policy during the summer prior to his/her freshman year will be considered a high school student and the violation will be treated as such.
- A middle school student who has two or more violations at the middle school level will enter high school with the understanding that any drug/alcohol/tobacco/ or controlled substance violation will be considered the 3<sup>rd</sup> infraction to the policy.

## **OTHER SCHOOL AND ATHLETIC POLICIES**

### **Athletic Medical Procedures**

Participation in interscholastic sports can lead to possible injury to student athletes. Although most injuries are minor in nature, it is possible that an injury can occur that is severe enough to cause a person to become paraplegic, quadriplegic, or result in death. Loveland Schools and staff take every precaution to prevent such injuries, but risk does exist.

It is the responsibility of any athlete competing in interscholastic activities in the Loveland School District to understand and comply with the following medical and injury procedures:

1. In the case of an athletic injury, it is the athlete's responsibility to notify their coach of the situation immediately.
2. While Loveland School district provides professional ATC trainers, they are not meant to replace a physician of the athlete's choice. If an injury requires a visit to a physician's office, a written release from that office is required before an athlete is permitted to return to competition.
3. While injured, athletes are required to follow procedures as laid out by the individual coach including attendance at practice and injury rehabilitation.
4. Parents are encouraged to contact the Athletic Training staff regarding questions or concerns related to their child's injuries and care.

### **Medical Insurance Notice**

In order to participate in any Loveland athletic program all athletes must either:

1. Provide proof of primary medical insurance or
2. Provide signed Waiver of Liability available from athletic department

## **Procedures for Parents Registering a Complaint**

Communication with a coach is important. Some situations may require a conference between coach and parent. This conference should not take place immediately before or after a practice or contest. Parents should allow 24 hours after a contest to contact a coach and request a conference. The Loveland Athletic Department asks that you observe the following line of communication if you elect to pursue a concern you may have in regard to your athlete:

1. Coach
2. Athletic Director
3. Principal

## **Try-outs**

The athletic director may excuse a student-athlete from the designated try-out period due to illness, school suspension or other extenuating circumstance.

## **School Attendance and Participation Policy**

All athletes must be in attendance by 8:00 A.M. in order to participate in practice or a contest held that day (Friday counts for both Friday and Saturday). Any student not in attendance by the time stated above will be declared ineligible for that day.

The exceptions to this policy are: serious illness of a family member, death of a relative, funeral, observance of a religious holiday, verified doctor or dentist appointment or an emergency situation that is excused by the athletic administrator.

## **Hazing**

Hazing means doing any act or coercing another, including the victim, to do any act of intimidation to any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Permission, consent or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

Hazing activities of any type are inconsistent with the educational process and are prohibited at all times. No administrator, faculty member or other employee of the District shall encourage, permit, condone or tolerate any hazing activities. No student, including leaders of student organizations, may plan, encourage or engage in any hazing.

Administrators, faculty members and all other District employees are particularly alert to possible conditions, circumstances or events which might include hazing. If hazing or planned hazing is discovered, involved students are informed by the discovering school employee of the prohibition contained in this policy and are required to end all hazing activities immediately. All hazing incidents are reported immediately to the appropriate administrator.

Administrators, faculty members, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with Ohio law.

## Student Athlete Playing Two Sports

A student athlete wishing to play two sports during the same season (example: soccer and cross country) must discuss this with the head coaches of the two teams involved. If both coaches are in agreement that the practice schedules and game schedules can be worked out for the student athlete to play two sports, and the student athlete feels that he/she is willing to commit to this demanding schedule, then that student athlete may participate in both sports during the same season. The coaches involved must make sure that the parents of this student athlete are well aware of all practice and game arrangements prior to the season beginning. The coaches involved must discuss this situation with the Athletic Director at the time of the initial request by the student athlete.

## Locker Room Rules

1. Roughhousing of any kind is not permitted in the locker rooms.
2. The harassment or hazing of others is not permitted. Incidents are to be reported to the coaching staff or Athletic Director immediately.
3. No glass containers will be permitted in the locker rooms.
4. All spiked or cleat shoes must be taken off before entering any school building.
5. Equipment must be removed from all lockers by the end of the first school day following the conclusion of each sports season.
6. Locker rooms are unsecured areas – athletes must lock their locker at all times.
7. Athletes must check and wear all protective equipment every day during practice and games. Do not loan your equipment to other student athletes. If an athlete's equipment is missing or damaged, it must be reported to the coaching staff immediately. Do not use damaged or faulty equipment.

## Cancellation of Contests/Practices Due to Weather

If the Loveland City Schools are closed due to inclement weather, a decision on the status of games and practices will be made by the Central Office. If possible, all decisions will be made by 12:00 noon and the head coach of each team will contact team members.

## Diet/Strength Supplements

Loveland City Schools do not support the use, sale or possession of Diet and/or Strength supplements by student athletes. These include but are not limited to:

Drug Supplements including Anabolic Steroids, Human Growth Hormone, etc. These are controlled substances which fall under the Loveland Drug and Alcohol Policies and the Student Code of Conduct.

Nutritional Supplements that are classified by the FDA are strongly discouraged. These include Creatine Monohydrate, Chromium Picolinate, Amino Acids, etc. **No member of the athletic department, no matter his/her personal opinion or belief will promote the use of these nutritional supplements.**

The use of diet aids in an effort to lose weight for increased athletic performance is strongly discouraged. **No member of the athletic department, no matter his/her personal opinion or belief will promote the use of these diet aids.**

## Transportation

**All athletes must travel with their team to and from away contests.** If a special situation occurs, the athlete and parent/guardian must discuss the circumstance with the individual coach 24 hours prior to the contest. No athlete will be released to anyone other than their parent/guardian. Athletes who miss a team bus will not be permitted to participate in the contest unless there are extenuating circumstances as determined by the individual coach.

## Lettering Guidelines/Awards

The criteria for earning a letter may vary from sport to sport because of the different characteristics of each program. Each head coach will be permitted to determine the criteria necessary for earning team awards and will make athletes aware of these criteria at the beginning of the season. The following are team award levels:

<b>Freshman</b>		numerals and certificate
<b>Junior Varsity</b>	1 <sup>st</sup> year	JV letter and certificate
	2 <sup>nd</sup> year	certificate
<b>Varsity</b>	1 <sup>st</sup> year	varsity letter and certificate
	2 <sup>nd</sup> year	pin and certificate
	3 <sup>rd</sup> year	pin and certificate
	4 <sup>th</sup> year	award

## **SPORTSMANSHIP**

A major goal of the Athletic Department is to develop athletes who demonstrate good sportsmanship. We believe in order to accomplish this goal all athletes and spectators should:

- Show respect for the opponent at all times
- Show respect for the officials and their decisions
- Maintain self-control at all times
- Recognize and appreciate skill in performance regardless of affiliation

The Athletic Department believes that being a spectator is a “privilege” and not a “right”. It is our expectation and our obligation to hold all spectators accountable for good sportsmanship.

The Ohio High School Athletic Association and the Loveland City School District continually promote good sportsmanship at all games and contests. Parents and fans are reminded that they are guests at athletic contests and they too must conduct themselves in an appropriate manner. The Loveland High School and the Loveland Middle School reserve the right to remove a spectator from an athletic event and/or facility for inappropriate or unsportsmanlike behavior.

# A Summary Of The Rules

## SCHOLARSHIP

High school students (grades 9-12) must be currently enrolled in a member school and have received passing grades in a minimum of five (5) one credit courses, or the equivalent, in the immediately preceding grading period.

Seventh- and eighth-grade students must be currently enrolled in a member school and have received passing grades in 75 percent of subjects in which enrolled.

- You may not use summer school grades for failing grades received or lack of courses taken in the final grading period.
- Your semester and yearly grades have no effect on OHSAA eligibility.
- Those taking postsecondary school courses must comply with OHSAA scholarship regulations.
- The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period, at which time the grades from the immediately preceding grading period become effective.

## RESIDENCE AND TRANSFER OF SCHOOLS

You may attend any public or non-public high school in which you are accepted when you enter high school (grade 9) from a 7th-8th grade school. Eligibility at that school is established by:

1. Participating in a contest (scrimmage, preview or regular season game) prior to the first day of school, or
2. Attending the first day of school at any high school.

Once you establish eligibility at a high school, a transfer to a different high school will mean **you will be ineligible for athletics for one year from the date of enrollment in the new school.**

- There are eleven (11) exceptions to this regulation. To see if you qualify for an exception, you and your parents should arrange a meeting with your principal or athletic administrator.
- If your parent or legal guardian lives outside of Ohio, you are ineligible unless one of the five (5) exceptions to the regulation is met. These exceptions to the out-of-state residency rules are found in Bylaw 4-6 at [www.ohsaa.org](http://www.ohsaa.org). **Note:** Changing custody to a person in Ohio will not provide eligibility to a student whose parents live in another state.
- If additional questions concerning these regulations remain, school principals or athletic administrators should contact the OHSAA.

## SEMESTERS OF ENROLLMENT

After establishing ninth-grade eligibility, you are permitted eight (8) semesters of athletic eligibility.

- The semesters are taken in order of attendance once ninth-grade eligibility has been established.
- Semesters are counted toward eligibility whether you participate in interscholastic athletics or not.
- Those with a disability may qualify for an exception to this regulation and should arrange a meeting with the principal or athletic administrator to review the exception.

## AGE LIMITATIONS

High school students (grades 9-12) who turn 19 years of age prior to August 1, 2006, are ineligible for interscholastic athletics.

Seventh- and eighth-grade students who turn 15 years of age prior to August 1, 2006, are ineligible for 7th-8th grade athletics but are eligible to participate in high school athletics.

- Those with a disability may qualify for an exception to this regulation and should arrange a meeting with the principal or athletic administrator to review the exception.

## AWARDS

You may receive awards as a result of athletic participation in interscholastic athletics from any source. However, the value cannot be more than \$200 per award.

## AMATEUR STATUS

You will lose your amateur status and forfeit your eligibility if you:

- Compete for money or other monetary compensation.
- Capitalize on your athletic fame by receiving money, merchandise or services.
- Receive expenses or compensation from a sponsor unless that sponsor is a recognized amateur governing body or organization, recognized by a member school, or is your parent or guardian.
- Sign a contract or make a commitment to play professional athletics.
- Receive services, merchandise or any form of financial assistance from a professional sports organization.
- Compete with a professional athletics team even if no pay is received.
- Enter into an agreement with a sports or marketing agent.

If you compete under a name other than your own or provide a false address, you immediately become ineligible.

## OPEN GYMS/FACILITIES

School officials may designate open gyms or facilities and the sports to be played. You may participate in open gyms or facilities provided:

- No one is limited from participating.
- No-one is required to attend.
- No school officials invite selected students, determine the teams or transport students.
- No timing or written scoring is kept.
- No coaching or instruction is provided.
- No-one is restricted from observing.

Violating these rules may result in your being declared ineligible for a maximum of one (1) year.

## **STUDENT CONDUCT and EJECTION/DISQUALIFICATION POLICIES**

You are expected to accept seriously the responsibility and privilege of representing your school and community while participating in interscholastic athletics. As a student-athlete, you are expected to:

- Treat opponents, coaches and officials with respect.
- Display no behavior that could incite fans or other participants in the contest or which is intended to embarrass, ridicule or demean others under any circumstances including on the basis of race, religion, gender or national origin.
- Remember that winning isn't everything. Having fun, improving your skills, making friends and doing your best are also important.

The OHSAA has established a policy for students ejected or disqualified for unsporting behavior or flagrant fouls. If you are ejected or disqualified, you:

- Will be ineligible for all contests for the remainder of that day.
- Will be ineligible for all contests at all levels in that sport until two regular season/tournament contests are played at the same level as the ejection (one contest in football).

If you are ejected or disqualified a second time in a season, you are subject to additional, stiffer penalties, including suspension from play for the remainder of the season in that sport.

The complete OHSAA ejection/disqualification policy for unsporting behavior can be found in the *OHSAA Handbook* and is posted on the OHSAA web site ( [www.ohsaa.org](http://www.ohsaa.org) ).

As a participant in the Loveland City Schools Athletic Department, I agree to abide by all training rules regarding the use of drugs, alcohol, tobacco, and controlled substances. To demonstrate my support and commitment, I pledge to:

1. Support my fellow students by setting an example and abstaining from the use of drugs, alcohol, tobacco and controlled substances.

3. Seek information and assistance in dealing with my own or my fellow students' problems.
4. Be honest and open with my parents about my feelings, needs, and problems.
5. Be honest and open with my coach and other school personnel when the best interests of my fellow students are being jeopardized.
